INTERNATIONAL SEARCH REPORT

International application No.

PCT/JP2005/015963

Box No. II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1. ☐ Claims Nos.:
because they relate to subject matter not required to be searched by this Authority, namely:

2. ☐ Claims Nos.:
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:

3. ☐ Claims Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows:

The inventions of claims 1, 4-5, 11 and the inventions of claims 2-3, 6-10 are linked to be one another only in respect of the feature "etching the semiconductor film using the mask to form a semiconductor layer". However, this feature is disclosed in a prior art document JP 2000-066233 A (HITACHI, LTD.), 2000.03.03. So the feature cannot be a special technical feature.

Therefore there are no technical relationship which is considered as "special technical feature" (PCT rule 13.2) among the claims 1, 4-5, 11 and the claims 2-3, 6-10. So this application contains the following groups of invention which are not so linked as to form a single inventive concept under PCT rule 13.2.

Group I: Claims 1, 4-5, 11

Group II: Claims 2-3, 6-10

1. ☐ As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.
2. ☐ As all searchable claims could be searched without effort justifying additional fees, this Authority did not invite payment of additional fees.
3. ☐ As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:

4. ☒ No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:
1, 4-5, 11

Remark on Protest

- ☐ The additional search fees were accompanied by the applicant's protest and, where applicable, the payment of a protest fee.
- ☐ The additional search fees were accompanied by the applicant's protest but the applicable protest fee was not paid within the time limit specified in the invitation.
- ☐ No protest accompanied the payment of additional search fees.
